

IDQ SERVICE PRICE LIST 2023

Supplement 02

Reference Number: IDQ-Q-202301-S02

This Supplement (IDQ-Q-202301-S02) amends the 《IDQ SERVICE PRICE LIST 2023》 published on January 1, 2023 and commences on August 1, 2023. The modifications mainly include:

- | | | |
|-----------|------------------------|------------|
| 1. | Remark - Item 1 | P.2 |
| 2. | Remark - Item 2 | P.4 |

* The Supplement is written in Chinese and English version. In case of any discrepancy between the two versions, the Chinese version shall prevail.

Remark:

Item 1 Lifting Equipment First Inspection Service

1. For item 1.1~1.5, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, the Client shall make sure the inspected equipment to be in accordance with the requirements of IDQ – If there are non-conformity items after the first inspection, the first re-inspection shall be carried out within 30 days after the first inspection; if there is still a non-conformity after the first re-inspection, the second re-inspection shall conduct within 7 days from the first re-inspection. If the inspection time exceeds the 37 days prescribed period or re-inspection more than two times, IDQ will consider the inspection does not conform to the requirement and issue a report of requirement non-compliance. If the Client requests to reschedule the inspection, the inspection service fee will be charged as per the first inspection.
2. For item 1.6, if the inspection results cannot meet the safety standard requirements during the first day of on-site inspection, and the Client requests a re-inspection, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, therefore, the Client shall make sure the inspect equipment to be in accordance with the re-inspection procedure of IDQ.
3. For item 1.1~1.6, if the Client fails to provide the site fit for testing while IDQ staffs have already arrived onsite; or if the date and time of the service is changed by Client without notifying IDQ 3 days in advance, IDQ will charge the admission fee of MOP\$2,000.00. The new inspection date will be determined by IDQ (the date may schedule on Saturdays, Sundays and Public Holidays), where a surcharge for working on the holidays is imposed.
4. For item 1.1~1.5, if all the standard inspection items cannot be completed within the scheduled inspection date due to on-site problems, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, therefore, the inspection for the remaining items shall be processed according to the re-inspection procedure, otherwise a report of requirement non-compliance will be issued.
5. For item 1.1~1.5, the Client should provide technical documents to IDQ at least 7 days in advance of inspection (including: type test certificates for the equipment and the safety components, factory certificates, as-built drawings and operation instruction manual).
6. For item 1.1~1.6, the Client should provide qualified operators during the inspection, and follow the instructions from the personnel of IDQ throughout the inspection. The personnel of IDQ will not touch any parts of the equipment.

7. For item 1.1~1.5, the test will be carried out mainly according to the latest versions of European EN or Chinese GB/T and GB standards. If Clients request to test by other standards, the details of standards should be provided to IDQ.
8. For item 1.1~1.5, under normal circumstances (the Client has provided all the relevant information of project), IDQ will provide the Client a defect list within 5 days from the day of the first inspection.
9. For item 1.1~1.6, under normal circumstances, the report will be issued to the Client within 15 days after the inspection is completed and the relevant technical documents are received.
10. For item 1.1~1.6, In case of inspection delay due to force majeure includes, but is not limited to, typhoon, floods, acts of government etc., Client may request for an extension of time due to the force majeure incident by issuing a notification letter to IDQ. After reviewing the condition of the equipment and job site, IDQ have the right to extend the time for inspection to the Client of up to a maximum of 30 days extension, and IDQ shall not be held liable for failure or delay in providing service to the Client under this contract in consequence of any Force Majeure incidents.
11. For surcharge item 1.9 and 1.10, under normal condition, it applies to items 1.1 to 1.8.

Remark:

Item 2 Lifting Equipment Annual Inspection Service

1. For item 2.1~2.5, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, the Client shall make sure the inspected equipment to be in accordance with the requirements of IDQ – If there are non-conformity items after the first inspection, the first re-inspection shall be carried out within 30 days after the first inspection; if there is still a non-conformity after the first re-inspection, the second re-inspection shall conduct within 7 days from the first re-inspection. If the inspection time exceeds the 37 days prescribed period or re-inspection more than two times, IDQ will consider the inspection does not conform to the requirement and issue a report of requirement non-compliance. If the Client requests to reschedule the inspection, the inspection service fee will be charged as per the first inspection.
2. For item 2.6, if the inspection results cannot meet the safety standard requirements during the first day of on-site inspection, and the Client requests a re-inspection, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, therefore, the Client shall make sure the inspect equipment to be in accordance with the re-inspection procedure of IDQ.
3. For item 2.1~2.6, if the Client fails to provide the site fit for testing while IDQ staffs have already arrived onsite; or if the date and time of the service is changed by Client without notifying IDQ 3 days in advance, IDQ will charge the admission fee of MOP\$2,000.00. The new inspection date will be determined by IDQ (the date may schedule on Saturdays, Sundays and Public Holidays), where a surcharge for working on the holidays is imposed.
4. For item 2.1~2.5, if all the standard inspection items cannot be completed within the scheduled inspection date due to on-site problems, due to the equipment condition may vary over a period of time, which result in the equipment cannot be guaranteed to be in the initial inspection status, therefore, the inspection for the remaining items shall be processed according to the re-inspection procedure, otherwise a report of requirement non-compliance will be issued.
5. For item 2.1~2.5, the Client should provide technical documents to IDQ at least 7 days in advance of inspection (including: type test certificates for the equipment and the safety components, factory certificates, as-built drawings and operation instruction manual).
6. For item 2.1~2.6, the Client should provide qualified operators during the inspection, and follow the instructions from the personnel of IDQ throughout the inspection. The personnel of IDQ will not touch any parts of the equipment.

7. For item 2.1~2.5, the test will be carried out mainly according to the latest versions of European EN or Chinese GB/T and GB standards. If Clients request to test by other standards, the details of standards should be provided to IDQ.
8. For item 2.1~2.5, under normal circumstances (the Client has provided all the relevant information of project), IDQ will provide the Client a defect list within 5 days from the day of the first inspection.
9. For item 2.1~2.6, under normal circumstances, the report will be issued to the Client within 15 days after the inspection is completed and the relevant technical documents are received.
10. For item 2.1~2.6, in case of inspection delay due to force majeure includes, but is not limited to, typhoon, floods, acts of government etc., Client may request for an extension of time due to the force majeure incident by issuing a notification letter to IDQ. After review of decision, IDQ have the right to extend the time for inspection to the Client of up to a maximum of 30 days extension, and IDQ shall not be held liable for failure or delay in providing service to the Client under this contract in consequence of any force majeure incidents.
11. For surcharge item 2.9 and 2.10, under normal condition, it applies to items 2.1 and 2.8.
